SinuCleanse® Allergy & Sinus Relief Nasal Mist allows you to Breathe Easier with the Power of Salt. It's all-natural, preservative & steroid free formula quickly moisturizes dry nasal passages and aids in the removal of allergens & other irritants, providing relief of nasal congestion & sinus symptoms associated with year-round allergies. It may be used as often as needed day or night, with prescriptions & OTC medicines without the worry of side effects or drug interactions and is manufactured in the USA at an FDA registered drug facility to ensure safety & efficacy.

- **Use as Often as Needed**
- **Preservative & Steroid Free**
- **No Side Effects or Drug Interactions**

For Nasal Use Only

DIRECTIONS FOR USE

1. Before and after each use, expel a short stream of mist into the air to clear nozzle.
2. Gently insert tip of nozzle into one nostril and press down on the textured area at the base of the nozzle so that a gentle mist coats nasal passage.
3. Blow your nose very gently to clear the mucus out.
4. Repeat for the other nostril.

ⓘ Allergy & Sinus (hypertonic) saline contains a higher concentration of salt which draws water out of swollen nasal tissues for better drainage. A hypertonic saline solution may cause temporary stinging and burning. If this occurs consider using an isotonic 0.9% sodium chloride solution product such as SinuCleanse® Daily Care Nasal Mist.
